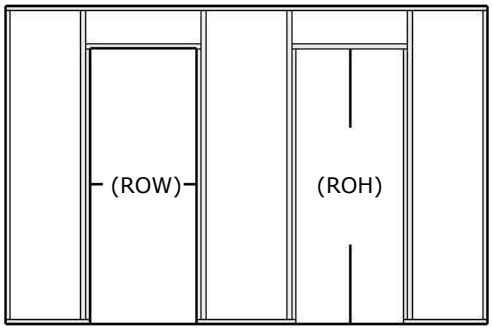
DETERMINING YOUR DOOR SIZE FROM YOUR FRAMING


- Standard door opening heights are 83" for 6-8 doors and 99" for 8' doors.
- If you have a non-standard opening height, we can adjust the door to fit.
- Doors come in 2" increments, starting at 3-0 and going down to 1-6.
- Order doors 2" narrower than your opening to allow for the door jamb and shims.
- Order double doors 2" narrower than your opening, T-astragal doors need 3"
- Jamb size is determined by your wall thickness.
- 2x4 walls with 1/2" sheetrock requires 4 9/16" jamb.
- Other jamb sizes are available to fit your wall thickness.
